Family Educational Rights and Privacy Act of 1974 (FERPA)

The Federal Right of Privacy Act of 1964 provides for the right of all students and parents or guardians dependent minors to review their academic records, to include grades, attendance and counseling report student records are confidential and only NACCAS (Accrediting Agency) or other individuals authorized, and applicable state/federal laws are allowed access without first obtaining the written permission of the students' parents or guardians of dependent minors. State law requires that the School maintain these records on location for up to three years. Student transcripts will be archived and maintained for no less than 50 years at the requirement of the US Military. Administration may require a 30-day notice for copies of records. Students may request to review their records with a staff member and all such review sessions will be scheduled during regular school hours and in the presence of an administrative representative. Further, the school must obtain written permission from the student to publish personal information in a student directory.

Students or parents of dependent minors have the right to inspect and review the student's education record maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Students or parents have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the students or parents of dependent minor in order release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit or evaluation purposes
- To comply with a judicial order or lawfully issued subpoena
- Appropriate parties in connection with financial aid to a student
- Appropriate officials in cases of health & safety emergencies
- Organizations conducting certain studies for or on behalf of the school
- State and local authorities, within a juvenile; justice system, pursuant to specific State law
- Accrediting organizations

For additional information, you may call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use T[may call 1-800-437-0833.

The Family Educational Rights and Privacy Act (FERPA) sets limits on the disclosure of personally identifiable information from school records and defines the rights of the student to review the records and request change to the records.

With exceptions such as those noted in this section, FERPA generally gives postsecondary students the right

- to review their education records,
- to seek to amend inaccurate information in their records, and
- to provide consent for the disclosure of their records.

These rules apply to all education records, admissions records (only if the student was admitted), academic records, and any financial aid records pertaining to the student. *The financial aid office does not develop the school's FERPA policy or the notification to students and parents.

Student's Right To Review

A school must provide a student with an opportunity to review his or her education records within 30 days the receipt of a request. A school is required to provide the student with copies of education records or make other arrangements to provide the student access to the records, if a failure to do so would effectively prevent the student from obtaining access to the records. While the school may not charge a fee for retrieving and reviewing the records, it may charge a reasonable fee for providing copies of the records to leave the campus, provided that the fee would not prevent access to student records.

While the rights under FERPA have transferred from a student's parents to the student when the student attends a postsecondary institution, FERPA does permit a school to disclose a student's education records to his or her parents if the student is a dependent student under IRS laws. Note that the IRS definition of a dependent is quite different from that of a dependent student for FSA purposes. For IRS purposes, students are dependent if they are listed as dependents on their parent's income tax returns. (If the student is a dependent as defined by the IRS, disclosure may be made to either parent, regardless of which parent claims the student as a dependent.)

The FERPA regulations include a list of exceptions where the school may disclose personally identifiable information from the student's file without prior written consent. Several of these allowable disclosures are of particular interest to the financial aid office, since they are likely to involve the release of financial aid records.

Disclosing To The School

Some of these disclosures may be made to officials at your school or another school who have a legitimate interest in the student's records. Typically, these might be admissions records, grades, or financial aid records. Disclosure may be made to:

- Other school officials, including teachers, within the school whom the school has determined to have legitimate educational interests.
- To officials of another postsecondary school or school system, where the student receives services or seeks to enroll.

Kay Moriah International School Of Beauty makes every reasonable attempt to notify the student at the student's last known address when information is needed to be disclosed to other licensed schools.

Disclosing To The Government

Disclosures may be made to authorized representatives of the U.S. Department of Education for audit, evaluation, and enforcement purposes. "Authorized representatives" includes employees of the Department, such as employees of the Office of Federal Student Aid, the Office of Postsecondary Education,, the Office for Civil Rights, and the National Center for Education Statistics, as well as firms that are under contract to the Department to perform certain administrative functions or studies. In addition;

- Disclosure may be made if it is in connection with financial aid that the student has received or applied for. Such a disclosure may only be made if the student information is needed to determine the amount of the aid, the conditions for the aid, the student's eligibility for the aid, or to enforce the terms or conditions of the aid.
- A school may release personally identifiable information on an F, J, or M nonimmigrant student to U.S. Immigration and Customs Enforcement (formerly the Immigration and Naturalization Service) in compliance with the Student Exchange Visitor Information System (SEVIS) program without violating FERPA.

Disclosing In Response To Court Request

FERPA permits schools to disclose education records, without the student's consent, in order to comply with a lawfully issued subpoena or court order. In most cases, the school must make a reasonable effort to notify the student who is the subject of the subpoena or court order before complying, so that the student may seek protective action. However, the school does not have to notify the student if the court or issuing agency has prohibited such disclosure.

A school may also disclose information from education records, without the consent or knowledge of the student, to representatives of the U.S. Department of Justice in response to an *ex parte* order issued in connection with the investigation of crimes of terrorism.

Release Of Information Policy

This institution requires written consent from each student or qualifying parent of a minor before releasing any student information in response to any request, other than requested by NACCAS, the State of Indiana, or applicable school staff members. The institution maintains a record of all release forms and requests for information. This includes but is not limited to; tuition and payoff information, attendance and grades, etc. Every third-party request for information will require written authorization from the student or parent/guardian of a dependent minor for each separate case.

A school is required to:

- annually notify students of their rights under FERPA
- include in that notification the procedure for exercising their rights to inspect and review education records; and
- maintain a record in a student's file listing to whom personally identifiable information was disclosed and the legitimate interests the parties had in obtaining the information (does not apply to school officials with a legitimate educational interest or to directory information).

A student has the right to:

- request to inspect and review any education records pertaining to the student; request an amendment to his/her records
- Request a hearing (if the request for an amendment is denied) to challenge the contents of the education records, on the grounds that the records are inaccurate, misleading, or violate the rights of the student.

Student Records Retention Policy

The schools maintain the most recent student files on campus for three years. Student transcripts will be archived and maintained for no less than 50 years at the requirement of the US Military, however, these files may be stored away from the school premises. **It is strongly recommended that a student retain all relevant ENROLLMENT, WITHDRAWAL or COMPLETION papers for their personal files.** Administration may require 30-day notice for the retrieval, review or copies of records. The academy reserves the right to charge a fee for copies of records.

Employment After Graduation/Pre-Requisites for Employment

Cosmetology, Manicuring, Teacher Training, and Shampoo Technician are not easy professions in which to begin and success is tied directly to developing a steady clientele. This, in turn, depends on technical skills, experience, a sense of how to deal with clients, and personal style. Even well-trained entrants to the field find the first year difficult financially, but for those who settle into the profession, cosmetology can be a long and economically rewarding career.

The successful practice of these professions most often works at least 8 hours per day, most of the time on their feet and with their arms extended performing, or demonstration and correction practical services. It also requires careful eye and hand coordination. Such work requires some physical strength and stamina. Persons suffering from back, leg or joint ailments should consult a physician to see if they are physically able to meet these requirements. In addition, working the industry fields requires continuous exposure to a wide variety of hair and skin treating chemicals. Persons with allergies of any kind or sensitive skin or eye should consult a physician to see if chemical sensitivity may prohibit them from engaging in the profession.

Placement Service or Assistance Service

KMI School of Beauty will not make any guarantees of employment or salary upon graduation. The school will provide

the graduate with placement assistance which will consist of identifying employment opportunities and advising him/her on appropriate means of attempting to realize these opportunities. Any employment opportunities are posted on school bulletin boards or announced during class discussions. Services both of a personal and business nature are provided through the Director upon request from the student.

The school is required by the U.S. Department of Education to keep follow-up information concerning the job placement of their students. This institution complies with this requirement through follow-up documentation.

Leave of Absence (LOA) Policy

The school recognizes that periodically a student's attendance may be interrupted and that a leave of absence may have to be granted. KMI School of Beauty will grant a LOA for the following only if the student follows the institutions policy in requesting a LOA: Personal illness, illness or death of an immediate family member, pregnancy, sickness, injury, COVID, active military duty, jury duty, and all other allowable special circumstances. All other allowable special circumstance requests will be reviewed by the institution's administration. KMI School of Beauty requires that the student must request the LOA in advance unless unforeseen circumstances prevent the student from doing so. A student shall be given a period of time to complete the missed course work, and the student is allowed to make up missed tests on Tuesday designated by staff. If enrollment is temporarily interrupted for a LOA, the student will return to school in the same progress status as prior to the LOA. Students who were in good satisfactory progress standing when they temporarily interrupted their studies or went on a Leave of Absence shall continue in that status. This is in addition to the need to maintain satisfactory progress during the regular evaluation period. Changes to the contract period on the enrollment agreement must be initialed by both parties and require an addendum to the original enrollment agreement and must be signed by all parties. The student will not be assessed any additional charges during their LOA. Hours elapsed during a leave will extend the student's contract period by the same number of calendar days taken in the LOA and will not be included in the student's cumulative attendance percentage calculation. KMI School of Beauty utilizes the NACCAS calculator to generate all leave calculations. A student granted a LOA is not considered to have withdrawn and no refund calculation is required. Students who take an unapproved LOA or do not return by the expiration of an approved LOA will be withdrawn and a refund calculation is required. For students on an approved LOA who notify the institution that he/she will not be returning, the date of withdrawal determination shall be the earlier of the scheduled date of return from the LOA or the date the student notifies the institution that he/she will not be returning. For refund purposes, students who do not return from an approved LOA or were withdrawn due to taking an unapproved LOA, the date of withdrawal shall be the student's last day of attendance. Students are entitled to multiple LOAs not to exceed 180 days within a 12-month period. A student must fill out and submit a LOA form in writing prior to taking the leave. There must be a reasonable expectation that the student will return from a LOA. This form can be obtained from and submitted to the Administrative Department of the institution. The student must request the LOA in writing and provide a reason for the LOA and the request must include the student's signature and be dated.

Exceptions of Leave of Absence (LOA) Policy

Exceptions will be made for unforeseen circumstances that prevent the student from filling out and submitting a Leave of Absence form. In the case of an emergency, a leave of absence form may be completed at a later date, but the student must notify the administrator within one (1) week of the emergency, unless there are extenuating circumstances. The student will be required to submit a doctor's excuse and/or any other documentation relative to the emergency in order to illustrate the legitimacy of their claim. The institution will review the circumstances preventing the student from filling out a LOA,

document its decision, and the beginning date of the LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the extenuating circumstances. All students should make necessary arrangements to come into the institution's administrative office within one (1) week of notifying the institution that he/she will be taking a LOA. Leave of Absence forms are not valid until all parties validate its legitimacy by their signature.

Absences Versus Leave of Absence (LOA)

KMI School of Beauty takes great interest in the progression of each and every student enrolled at the institution. Attendance should be of utmost importance especially in all the beauty fields where hands-on training and experience is

required to be successful. In order to be fair to all students, KMI School of Beauty will not make any exceptions to the institution's LOA policy other than those currently stated. Although the those currently stated. Although the KMI School of Beauty understands that situations may arise, all students are strongly encouraged to follow the policy and procedures of the KMI School of Beauty when requesting a LOA and file a LOA when he or she expects to be absent for more than sixteen (16) consecutive school days. The institution will not grant retroactive leaves to a student who attends class at any time during the leave period they are requesting. If a LOA is not completed or does not meet the guidelines of the institution's policy, absences will be considered as excused or unexcused and may affect their Satisfactory Academic Progress (SAP) and/or deem them ineligible to receive Title IV funds. When unable to attend school, all students should take into account that they are entitled to multiple LOA not to exceed 180 days within a 12-month period and that a LOA can only be taken in minimum of thirty (30) days at a time. Taking a LOA will not only assist a student in maintaining their current Satisfactory Academic Progress (SAP) status but will prevent overtime charges from accumulating during the leave period.

Withdrawal and Settlement Policy

Official and Unofficial Withdrawals: A withdrawal is defined as dropping all classes for a given payment period.

Official withdrawal date: the date the Administrator's office receives a written notice US mail from the student that he/she is no longer in attendance in his/her classes. The cancellation date will be determined by the postmark or written notifications, or the date said information is delivered to the school in person.

Unofficial withdrawal date: **A.** the last day of attendance of a student who does not complete the official withdrawal process and/or **B.** the last day of attendance of a student whose instructors report that the student is no longer attending class. In no case will the unofficial withdrawal date of determination be more than 30 days after the last day of attendance.

For students on an approved leave of absence who notify the institution that he/she will not be returning, the date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date the student notifies the institution that the student will not be returning. Students who do not return from an approved LOA or were withdrawn due to taking an unapproved LOA, the date of withdrawal shall be the student's last day of attendance.

Return of Title IV Funds/Withdrawal Settlement

Federal financial aid is awarded to students contingent upon their attendance and successful completion of the program. The U.S. Department of Education has established a Return of Title IV Funds (R2T4) Policy to determine the amount of Federal student aid earned when a student withdraws prior to completing his/her program. The percentage of the program completed upon withdrawal has a direct correlation to the amount of earned aid; i.e., if a student completes 30% of the payment period, he/she has earned 30% of the Federal aid available at that point. Students who withdraw prior to receiving their federal student aid award may be entitled to a Post Withdrawal Disbursement.

Official and Unofficial Withdrawals: A withdrawal is defined as dropping all classes for a given payment period.

Official withdrawal date: The date the Administrator's office receives a written notice US mail from the student that he/she is no longer in attendance in his/her classes.

Unofficial withdrawal date: A. The last day of attendance of a student who does not complete the official withdrawal process and/or

B. the last day of attendance of a student whose instructors report that the student is no longer attending class. In no case will the unofficial withdrawal date of determination be more than 30 days after the last day of attendance.

Consequences of Withdrawal: A student who officially withdraws earns Federal financial aid based on the number of clock hours he/she was scheduled to attend. Earned aid is calculated from the beginning of the payment period until the Last Date of Attendance (LDA), up to the 60% point of the payment period. After the 60% point, all aid is earned.

Federal Pell Grant recipients who completely withdraw from KMI School of Beauty prior to completing 60% of the payment period may owe a repayment to the U.S. Department of Education and to KMI School of Beauty.

Procedure for Notifying Students of Repayments owed to the U.S. Department of Education: According to federal regulations, the student is responsible for all unearned Title IV program assistance that the school is not required to return. The institutional policy is that the Financial Aid Office of the institution will perform all Return to Title IV calculations and notify the student in writing if a repayment is owed to the U.S. Department of Education and the amount.

It is the intent of the Office of Financial aid to inform Federal Aid recipients to seriously consider the implications of this R2T4 policy.

Students who are having difficulty in their classes should seek assistance through their instructors. KMI School of Beauty is committed to student success and to helping students stay in school and reach their educational goals.

KMI School of Beauty will return unearned Title IV funds to the Department of Education within 45 days from the Date of Determination of the student's withdrawal. Refunds will be made to the appropriate Federal programs.

***Any student that withdrawals or is dismissed from KMI School of Beauty before completion of the program understands that all tuition has to be paid in full. Should the student refuse to pay any remaining balances, the student understands that they will or can be taken to court, sent to collection and or have their wages garnished (if employed) until all balances are paid. Students understand that if the student are using financial aid, early withdrawal from KMI School of Beauty with remaining unpaid balances can affect their Title IV Funding and can prevent the student from attending another college or vocational school. The student understands that there will be \$250.00 charge for early withdrawal or a \$500.00 charge to change my chosen course.**

SECTION 6: Regulatory Policies and Academic Standards

Satisfactory Academic Progress (SAP) Policy

The Satisfactory Academic Progress (SAP) Policy is consistently applied to all students enrolled in KMI School of Beauty regardless of whether or not they participate in Title IV programs, attend on a twenty (20), twenty-two and a half (22.5), or a thirty (30) hour week, and all students enrolled in a specific course/program. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences, Inc. (NACCAS) and the federal regulations established by the United States Department of Education. The Satisfactory Academic Progress (SAP) Policy is provided to all students prior to enrollment at orientation.

Student Conduct Policy

All Rules and Regulations of KMI School of Beauty are to be followed. Students are expected and required to be courteous, respectful and friendly to all staff members and customers. Our policy requires that students treat others fairly, with respect, and professionally at all times. Violations of the conduct policy of KMI School of Beauty will be reviewed by the school owners and could result in the student being placed on suspension and/or termination. If the decision is to place the student on suspension, and the student violates policy again, termination may be the result. Once placed on suspension, the student is not allowed on the school campus until the date of return listed on the disciplinary form that will be signed by the student and administrator at the time of the consultation. No additional charges will be charged to students placed on suspension. For terminations, the student's last date of attendance will be used for Title IV returns.

Attendance Policy and Termination

At KMI School of Beauty records are maintained which clearly show the attendance of a student. These records indicate the student's presence, or absence. These records are maintained in such a manner as to make the students attendance readily determinable by anyone authorized to inspect such records. Attendance clock is monitored and downloaded weekly. A student's failure to attend will be considered either as an excused or unexcused absence. Both types of absences will be recorded as absences. Personal illness, illness or death of an immediate family member, pregnancy, sickness, injury, COVID, active military duty, and jury duty will be considered as excused absences as long as a written excuse signed by a doctor, the commanding officer of the service unit of the student, or representative of the court, whichever is appropriate, is presented by the student to substantiate such absences. This written excuse will be filed with the student's attendance records. All other absences will be considered unexcused. The institution may consider extenuating circumstances provided written notification is presented by the student. A student will be terminated as of his/her last day of physical attendance whenever he/she has accumulated more than 30 consecutive days of unexplained absences. Established Standards for Measuring Satisfactory Academic Progress (SAP):

Students are assigned academic learning (theory) and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course/program completion only when rated as satisfactory or better (with a minimum of 75% required to be in satisfactory progress). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Students must maintain a written grade average of 75% and pass all written and practical exams prior to graduation. Students must make up failed or missed tests and incomplete assignments.

Grade of “A”	90-100	Satisfactory/Passing
Grade of “B”	89-80	Satisfactory/Passing
Grade of “C”	79-70	Satisfactory/Passing
Grade of “D”	69-60	Unsatisfactory/Non-Passing
Grade of “F”	59-0	Unsatisfactory/Non-Passing

This grading scale reflects the institution’s accrediting agency, the National Accrediting Commission of Career Arts & Sciences (NACCAS), and the Indiana State Board of Cosmetology requirements. Students may also refer to the Satisfactory Academic Progress (SAP) section of the catalog for further information on grading policy and procedures.

Attendance (Quantitative):

KMI School of Beauty students are required to attend 75% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress.

- I. A student's failure to attend will be considered either as an excused or un-excused absence. Both types of absences will be recorded as absences.
- II. Personal illness, illness or death of an immediate family member, pregnancy, sickness, injury, COVID, active military duty, and jury duty will be considered as excused absences as long as a written excuse signed by a doctor, the commanding officer of the service unit of the student, or representative of the court, whichever is appropriate, is presented by the student to substantiate such absences. This written excuse will be filed with the student's attendance records. All other absences will be considered un-excused. The institution may consider extenuating circumstances provided written notification is presented by the student.
- III. If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. The student will not be assessed any additional charges during their Leave of Absence (LOA). Hours elapsed during a leave will extend the student's contract period by the same number of calendar days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation.
- IV. Students who withdraw prior to completion of the course/program and wish to re-enroll will return in the same satisfactory progress status as at the time of withdrawal. This applies to all students wishing to re-enroll in KMI School of Beauty. Any outstanding balance of monies owed to the institution by a student re-enrolling will roll over at re-entry and may or may not be covered by financial aid. Any student terminated by the institution due to exceeding the maximum time frame and wishes to re-enroll would thereafter be permitted to re-enroll in the course/program on a cash-pay basis in a manner consistent with the re-enrollment provisions of the institution's admissions policy.

KMI School of Beauty students are evaluated on actual hours completed. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. Evaluations will be completed within seven (7) school business days following the institution's established evaluation periods. This will ensure that the student will graduate within the maximum time frame allowed.

Competency Base Programs

*I understand that, should I complete the program earlier than the estimated time frame stated in the contract, my financial aid package may be recalculated and that this may result in liabilities owed by myself and/or the institution, if applicable.

COURSE/PROGRAM	SCHEDULED HOURS
Cosmetology - 1500	2250

KMI School of Beauty chooses not to allow appeals at this time. Any student wishing to re-enroll would thereafter be permitted to re-enroll in the course/program on a cash-pay basis in a manner consistent with the re-enrollment provisions of the institution's admissions policy and any outstanding balance would roll over at re-entry. A leave of absence will extend the student's contract period and maximum time frame by the same number of calendar days taken in a leave of absence. Satisfactory Academic Progress (SAP) Evaluation Periods

KMI School of Beauty establishes evaluation periods in accordance with payment periods established with the US Department of Education for the purposes of Title IV funding. Evaluation periods coinciding with the US Department of Education are as follows:

KMI School of Beauty elects to omit the last SAP evaluation within the course/program. KMI School of Beauty schedules frequent evaluations prior to the issuance of the final Student Progress Report of Satisfactory Academic Progress (SAP) to ensure 1) that students are aware of their progress status and 2) that each student has ample opportunity to meet both the attendance, written and practical exam progress requirements of at least one evaluation by midpoint in the course. Once the evaluation is conducted, the student will be notified if the evaluation impacts the student's eligibility for financial aid, if applicable, and that they may obtain a copy of their Satisfactory Academic Progress (SAP) evaluation through the administrator of the institution. Satisfactory Academic Progress (SAP) evaluations will determine if the student has met the minimum requirements for Satisfactory Academic Progress (SAP). All evaluations are based on actual hours. KMI School of Beauty students are evaluated for Satisfactory Academic Progress (SAP) and receive Progress Reports notifying them whether or not they have achieved Satisfactory Academic Progress (SAP) at the end of each payment period as follows:

Cosmetology:	450, 900, 1200, 1500 clocked hours- 15,30,40,52 weeks

All students will receive a written student report of Satisfactory Academic Progress (SAP) at the end of the pay period. Students who meet the minimum requirements for attendance and academic performance will be considered to be making Satisfactory Academic Progress (SAP) until the next scheduled Satisfactory Academic Progress (SAP) evaluation.

Financial Aid and Satisfactory Academic Progress (SAP)

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their

Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Financial Aid Warning Policy

Students who fail to meet minimum requirements for attendance and/or written and practical exams are placed on financial aid warning and considered to be making Satisfactory Academic Progress (SAP) during the first warning period. No appeal is necessary. The student will be notified in writing of unsatisfactory progress by the administrator of the Financial Aid Office and advised of the consequences if he/she does not obtain Satisfactory Academic Progress (SAP). The student will then be advised in writing of the actions required to attain Satisfactory Academic Progress (SAP) by the next evaluation period. If, at the end of the financial aid warning period, the student has not met requirements to re-establish Satisfactory Academic Progress (SAP), he/she will be determined as NOT making Satisfactory Academic Progress (SAP) and the student will be deemed ineligible to receive Title IV funds. Students will be formally advised in writing of any evaluation that impacts the student's eligibility for financial aid. KMI School of Beauty chooses not to accept appeals at this time.

Re-Establishment of Satisfactory Academic Progress

In order for a student to re-establish his or her eligibility to receive assistance under Title IV, HEA programs, the student must meet the minimum requirements of Satisfactory Academic Progress (SAP). Satisfactory Academic Progress (SAP) requires the student to maintain a 75% percent cumulative grade point average (CGPA) and complete 75% percent of the scheduled clock hours in the payment period. Two Mondays a month are provided to the students to make up work and hours in order to achieve Satisfactory Academic Progress (SAP) before the end of the payment period in which the student is on financial aid warning.
